

## **Sugar Sprinkled Spritz Cookies**

*So easy to make with a cookie press*

1-1/2 cups butter  
1 cup granulated sugar  
1 egg, lightly beaten  
1 teaspoon vanilla  
2-1/2 cups all-purpose flour  
Colored decorating sugar as desired

**Before Starting:** Preheat oven to 375-degree F. Line several cookie sheets with nonstick silicone mats or parchment paper.

**Prepare Cookie Dough:** In a mixing bowl, cream butter and sugar; add egg and vanilla; gradually stir in flour until soft dough forms.

**Fill Cookie Press:** Place snowflake shaped disc into cookie press; insert part of the dough inside the cookie press.

**Shape Cookies:** Press out snowflake shaped cookies; sprinkle cookies with colored sugar.

**Bake Cookies:** Bake cookies in preheated 375-degree F oven for 6 to 8 minutes or light brown edges. Remove to cooling rack after 5 minutes. Yield will depend on the cookie size

**About the Recipe:** This is one of the easiest recipes to make. You can use any disc shape, but we like to use the snowflake shape because it makes smaller cookies. Of course, that's wonderful since there are more cookies for sugar sprinkling. The recipe is one of our favorite Christmas cookies.
