

Our Favorites

1. Some of our favorites were *Golden Butter Crisp Cookies* that used Einkorn flour, an easy to digest grain that we filled with our favorite fruit spread.
2. Another one, of course, was *Chocolate Chip Walnut Cookies* - who wouldn't love this type of cookie that even promised a boost of extra nutrition with each cookie.
3. We couldn't stop with one cookie when *Holiday Chocolate Rye Crinkle Cookies* were cooled. They were bursting with chocolate, and I loved the idea of decorating the cookies 3 ways with melted chocolate.
